J. R. Miller

Burnside.

The Lone Pine W.I. met at the home of Mrs. Joe Clarke on Thursday, March 10th. Mrs. Hugh McLean read a splendid paper on legislation and Mrs. Eckel one on "A young girl's place in the home." Final arrangements were made for the annual whist drive and bazaar on St. Patrick's night, March 17th. The next meeting will be held at the home of Mrs. Alex Leiper on April 14th. All the Ladies of the community are heartily invited to attend.

Mrs. Fada Boulton and children spent the latter part of the week in Calgary.

The pie social in the Lone Pine hall last week was attended by a splendid crowd and bidding for the pies was brisk, some especially attractive ones going quite high.

Last Friday night the youth and beauty of our district were equally divided in their attendance at the Baneroff box social and the dance at Community hall.

The Burnside U.F.A. are putting on an entertainment on April 13th. Keep the date in mind. Particulars later.

There's a picture show at the Lone Pine hall on Wednesday, March 23rd. It is sure to be good as manager Sharp has a reputation for picking winners.

The old time dance on April 1st under the auspices of the Big Four will be a masquerade, old time dresses, music and dances. Don't forget the date.

The Jutland W.C.T.U. met at the home of Mrs. Noah Eckel last week. Mrs. Thos. McCaig was elected secretary in place of Mrs. W. M. Smith resigned. The next meeting will be at the home of Mrs. Wm. Schultz on Wednesday, April 6th.

The Young People's Association are putting on an entertainment in the Lone Pine hall on Friday, March 25th. A splendid program has been prepared. This is the first program under the Y.P.A. auspices, and we are sure it will be greeted by a crowded house.

Mr. and Mrs. John Topley and family returned last week from a visit to friends in Manitoba and Ontario.

Mr. Torp has moved on to the Peter Liesemer place recently occupied by Mr. and Mrs. Pokie and Mr. and Mrs. Markham and family have moved to the Smouse Creek vicinity near Mayton.

Don't forget the program to be rendered at the Lone Pine hall Friday, March 25th for the benefit of the hall. Ladies please bring cake.

Mountain View.

A program consisting of music, readings, a short dialogue and lantern slides will be given in Mountain View Community hall on Tuesday, March 29th.

The Barnes families visited at the home of Ed. Blain on Sunday.

Mr. Tom Finlay and family have taken up their residence in this neighborhood.

Mr. and Mrs. Shiels spent Sunday at the Pearson home.

Pete Kline spent the weekend with Everett Blain.

For Sale

Two registered red polled bulls, extra well-bred and splendid individuals. One and two years old. Inspection invited. Price moderate.

WORLD HAPPENINGS BRIEFLY TOLD

The French court of cassation, the highest court of the country, has ruled that pedestrians are subject to traffic rules like vehicles.

The discovery of a new star of the twelfth magnitude has been announced at Cracow. It was discovered by Assistant Professor Casimir Kordelewski, of Cracow University.

Mrs. Amanda Riel, sister-in-law of Louis Riel, famous rebel, is dead at Winnipeg. Mrs. Riel died on a street car from heart disease. She was born in St. Boniface, 55 years ago.

The United States has definitely proposed to Great Britain and Japan a three-power naval limitation conference to meet in Geneva not earlier than June 1.

Thomas P. Dawson, 60, who attained international prominence during the Great War for his relief work in Belgium as an associate of Herbert Hoover, died recently in Providence, R.I.

The Dominion Government's ice-breaker, the Stanley, has entered the Halifax drydock for a thorough overhauling and refitting preparatory to a voyage to Hudson Bay on survey work.

Opening of the new United States legation at Ottawa may have to be deferred until after July 1, because there are no funds for that purpose, due to the fact that congress failed to enact the deficiency appropriation.

The Royal Air Force is planning an attempt to break the world's distance flight, in a non-stop aeroplane run. A powerful plane is to start from Cranwell, Lincolnshire, and fly in the direction of British India as far as its fuel and other equipment will permit.

The Canadian Government has been invited to send a delegation to a world agriculture congress called by the Italian Government to convene at Rome, April 25 next. The Department of Agriculture stated it was unlikely that Canada would be represented.

HEADACHE, COLDS, COSTIVE BOWELS, TAKE "CASCARETS"

To-night! Clean your bowels and end Headaches, Colds, Sour Stomach

Get a 10-cent box now. You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.

Are you keeping your bowels clean with Cascarets or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

Helping New Canadians

There can be no more public-spirited work imaginable than that of making the foreigners in our midst good Canadian citizens. If a helping hand is not held out to them, if they are not taught the principles of our government and inculcated with the spirit of Canadian institutions, then instead of being an asset to Canada they become a menace. London Free Press.

Internal parasites in the shape of worms in the stomach and bowels of children sap their vitality and retard physical development. They keep the child in a constant state of unrest and, if not attended to, endanger life. The child can be spared much suffering and the mother much anxiety by using a reliable worm remedy, such as Miller's Worm Powders, which are sure death to worms.

"Once upon a time," is the way fables begin, and after a man goes out once upon a time he begins to tell his wife fables.

Minard's—the dependable liniment.

Women of Canada Pay Striking Tribute to Aluminum — — the Modern Metal

FROM Windsor, Ontario, to Hudson's Bay, from Halifax to the Rockies, **RED ROSE TEA** within the last few weeks has scored an extraordinary increase in sales.

It is because we have stopped using paper packages, and are again packing this finest of teas in the old, familiar Aluminum package of years ago.

The reception it has been given demonstrates beyond all doubt that housewives of Canada recognize Aluminum as the perfect container.

For more than thirty years we have been experimenting with packages—trying lead, paper and Aluminum—seeking always a material that would protect and be worthy of Red Rose quality.

But it was only after Red Rose has been offered to the public in all these packages—first lead, then Aluminum, then paper—that the great advantages of Aluminum were proven.

Aluminum keeps out moisture, preserves the flavor and protects the quality. Paper packages, on the contrary, absorb moisture which occasionally impairs the quality.

So now and in the future **RED ROSE TEA** will be packed in the Aluminum package, as it was in years gone by.

The fiddler crab is so called because the male has one brightly colored claw of immense size, which, when he runs, he waves as if he were playing a violin.

Leads in Asbestos Production
Canada still leads the world in asbestos production. In the year 1926 the Dominion's output was 266,000 out of a world's total of 340,000 tons, according to the latest computation. Rhodesia furnished 54,000 tons and Russia and Cyprus 20,000.

On any given day there are on the seas, counting only the value of ships over 3,000 tons and the cargoes borne, no less than £700,000,000 worth of trade under the British flag.

Was So Nervous The Least Noise Made Her Jump

Mrs. W. H. Yates, Ashern, Man., writes:—"I was bothered very much with my heart and nerves, and the least noise would make me jump and almost stop my heart beating. I told my mother about it one day, and she said that she had been bothered the same way and told me to get a box of

When I had taken the one box I felt quite a lot better and by the time I had taken three boxes I got relief."

Price 50c, a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SUNDAY SCHOOL LESSON MARCH 20

THE CHRISTIAN'S HOPE

Golden Text: In my father's house are many mansions; if it were not so, I would have told you; for I go to prepare a place for you.—John 14.2.

Lesson: John 14.1-3; 2 Corinthians 5. 1-10; 1 John 3. 2, 3.

Devotional Reading: Revelation 21. 1-7.

Explanations and Comments

1. The Promise of Christ, John 14. 1-3.—"Let not your heart trouble; believe in God, believe also in Me."

"'Twas the Master himself who said it To the sorrowful little band, Facing an hour of darkness That they could not understand."

"In my Father's house are many mansions," thus Jesus comforted them. Our word "mansion" meant originally merely a place of shelter, and accordingly the margin of the Revised Version has the word "abiding places."

In speaking of his own death, Jesus said, "I go away." "I go to the Father." So Paul said, "The time of my departure is at hand." They were travellers, setting forth on a journey to a better country. So Christ would have us think, not that we are going to die, but that we are going to set forth on a journey that ends at our Father's house.

"If it were not so, I would have told you." In the minds of all peoples there is a belief in a future life. This belief, Jesus's words tell us, is true, for otherwise he would have disillusioned the minds of his followers.

"I thank thee, O Father, that there is a voice within me which contradicts the silence of death."—George Matheson.

For sale everywhere—Minard's Liniment.

The Swede Smiths

While Americans and Englishmen wade through lists of Smiths in their telephone directories, the Swedes are having their difficulties with the Andersens. It has become so difficult to pick out the right Andersen that the postal department has suggested giving a premium to those who change their names.

The first main station for radio broadcasting in Ireland is being established in Dublin.

For Sore Throat

Rub throat and chest with Vicks; cover with warm blanket. Its double direct action (inhalant and absorbed) brings welcome relief.

VICKS VAPORUB

The quickest and most effective relief from Lame Back and all Kidney and Bladder Troubles is Gin Pills. They promote health by restoring the kidneys to their normal action of filtering the poisons from the blood.

Minnesota Editor Gives Us a Wallop.

(From the January edition of "The Western Retailer.")

Winnipeg played host last week to a party of Minnesota Editors, one of whom upon his return to his home town had the following remarks to make in his paper:

"On Saturday morning the party was taken through the big Eaton department store and mail order house.

"This is an immense institution but it has been built up at the expense of the rural communities. While Minnesota has hundreds of thriving villages, with fine schools, good churches and plenty of amusement centres, you find mostly sidings in that part of Canada we have just seen. There's a reason. People who trade at home build up a home market instead of building up great industrial centres here and then.

"When Mayor Webb was deploring the fact that Manitoba did not have the population it should have, the reason was very plain to be seen. Canada has been losing population, no doubt, because community life is not developed. It is thriving villages that form community centres and make people more contented to remain on the farms. Villages are the community centres, but villages cannot and do not exist where establishments like Eaton's are pulling money to the cities. Villages of from 400 to 2,000 population use up considerable food in a year and create a home market for a part, at least, of the home product. Besides, they make possible good schools, churches, and enlarge social life.

"If Canada is to develop, she must develop her villages, have:

Sale at 11 o'clock

Lunch at noon

her local newspapers and good home stores, and then they can afford good schools, churches and entertainment centres.

"Railroad sidings will not build up an agricultural community." Notice that last remark: "Railroad sidings will not build up a community."

While there may be wisdom in these remarks, it is unfortunate that an outsider has to point it out to us.

THE WHEAT POOL

that the growers of this province might do in the way of purchasing pure seed will be a decided aid to the Pool in the sale of its wheat to the world's market."

Card of Thanks

Mrs. Ezra Shantz and family wish to tender their sincere and heartfelt thanks to their friends for the many expressions of sympathy as well as for the assistance rendered in their recent bereavement.

Auction Dates

Name _____ Address _____

Welcome the Newcomer

The immigration season is just opening, and, judging from all reports and present prospects, Canada is due to receive a larger influx of settlers than in any year since the period between 1900 and the outbreak of the war.

This increasing stream of people Canada's results from a number of factors. In the first place, conditions in Europe are more favorable than they have been since the upheaval caused by the war, and people who have long been anxious to emigrate are better able to do so. Canada, too, has somewhat relaxed the restrictions imposed on immigration following the war and when this country, like all others, was faced with the problems of readjustment and the re-establishment in civilian life and employment of the hundreds of thousands of Canadians whose energies had been devoted to war activities and industries. Until our domestic problems of unemployment and rehabilitation had been solved it was generally considered unwise to allow any large numbers of new people to enter the Dominion.

The economic and financial situation throughout Canada has likewise enormously improved; employment is now general; great development enterprises are under way; railway and building construction is increasing; trade and commerce is steadily and rapidly expanding.

Agriculture has enjoyed several fairly prosperous years, and, whatever may be the difficulties yet to be overcome, they are being faced and solved, with the result that the Canadian farmer is today in a much better and more hopeful position than is his fellow agriculturist in the United States. The Canadian farmer through organization and co-operation has successfully met problems which still confront the United States farmer, and solutions to which he asks Government authorities to provide.

The success of the Western Pools, the steady reduction in taxation, Federal, Provincial and Municipal, decreasing railway deficits, increased railway branch line construction, all are helpful factors in the economic structure, leading to confidence in Canada and encouraging to intending emigrants as providing substantial reasons why they can succeed in this country.

But, as has been stated in this column on more than one occasion, successful colonization is much more important than quantity in immigration. Canada wants more people,—no one disputes that fact. But, above all, Canada's future, growth, prosperity and sound national development demands that our immigrants be transformed in the shortest possible space of time into contented, law-abiding, prosperous people, resulting in permanent homes and good citizens.

To achieve this much to be desired end, governments, railways, and organizations of many kinds are doing much and can do more, but, in the final analysis, municipal and school bodies and the individual neighbors of these newcomers can exert the most powerful and helpful influence. Every rural municipal council, every rural school trustee board, should in itself be a small local colonization bureau, alert and ready to make welcome each and every incoming settler, regardless of his race, creed or circumstances in life.

Present settlers should make it a part of their duties of citizenship to extend a hearty welcome to their new neighbors, to offer such advice as may be necessary, and give a helping hand in time of sickness or difficulty. These newcomers, if thus encouraged, will become permanent residents. As such they will help to develop the district and the Province. They will bear their share of the tax burden, and thus lighten it for all. Their presence will mean better roads, better schools, and the possibility of modern conveniences now considered out of the question because of cost to the present sparse and scattered population.

The eyes of the world, and especially of Great Britain and the rest of the Empire, will be focussed on Canada in this year of its diamond jubilee. Tens of thousands of people will come to make their future homes in this Dominion. Their success in the great adventure means everything to them, but it will also mean much to the future of all Canada. No Canadian of today can render greater service to the country than by doing all that lies in his or her power to make immigration to the Dominion this year successful by the conversion of the newcomers, through sane and practical colonization, into permanent settlers and worthwhile citizens, the greatest asset of any country, and the only abiding foundation of national greatness in the truest meaning of the term.

Liner for Jungle Airway

For a jungle airway from Khartoum through Central Africa to Kisumu in the Kenya colony, a distance of 1,200 miles, a big triple screw liner is being designed in England. It will be based on the flying boat built for the Air Ministry which proved to be the fastest in existence. Owing to the presence of rivers, lakes and swamps along the route, it will be possible by using seaplanes to alight at almost any point.

Explanation is Simple

Talking fatigues women less than it does men, a Flemish scientist says in a dry objective way, without entering into the controversy as to whether the female is more talkative than the male. The scientist explains his statement by two facts: First, that the greater length of the vocal cords, the more energy is required to produce a sound; second, that the vocal cords of women are shorter than those of men.

Genuine
ASPIRIN

Proved safe by millions and prescribed by physicians for

Colds Headache Neuritis Lumbago
Pain Neuralgia Toothache Rheumatism

DOES NOT AFFECT THE HEART

Safe

Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoacetylsalicylic acid of Salicylic acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Urges End of Wars

British Envoy to Washington Pleads for Anglo-Saxon Unity

"The sort of unity I want to see grow up among the English speaking peoples is a unity of heart and understanding," said Sir Esme Howard, British ambassador to Washington in a speech on Anglo-Saxon unity, delivered before the Twentieth Century Club at Washington. "I should like it to be an accepted fact," he added, "in the mind of every man, woman and child in all English-speaking countries that come what may we still will never war with each other—that such a war would be like a duel between brothers—a thing unholy and impious, not to be even thought of."

"If we have to spend large sums on armaments," he said later on, "let us at least do so without reference to the armaments of the other but only considering our own necessities for protection generally. There can be no unity of heart or of purpose if we are going to begin eyeing each other with suspicion every time the other builds a new ship or devises some engine of destruction."

Speaking of conditions in Europe, Sir Esme reminded his hearers that Great Britain could not ignore the continent in her efforts to preserve Anglo-Saxon unity.

Drives Out Rheumatism Subdues Lumbago

Brings Ease and Comfort to the Sufferer at Once

NERVILINE

A King Over Pain

Those who seek permanent relief from the grinding pain of Rheumatism and Lumbago should read the letter of F. E. Normand, from Georgetown, who writes:

"I was fairly crippled with aching joints and Rheumatism. Nerviline must have been what I needed, because it cleared up my trouble quickly."

"If you need a reliable, strong, penetrating pain remedy, one you can depend on, get a 35c bottle of Nerviline today; it will make you well quickly."

Only one mother of a president of the United States lived to see her son inaugurated—the mother of William McKinley.

CONDITIONS THAT CALL FOR A TONIC

Symptoms That the Blood is Thin Should Not be Neglected

Weak, lacking in strength, energy and ambition, nervous, sleepless, poor appetite, digestion disturbed—these are the symptoms of a great majority of people who have been benefited by the use of Dr. Williams' Pink Pills. The great value of this medicine in cases of this kind is proved by the statement of Mrs. W. Hensher, Kingston, Ont., who says:—"Following a severe cold I was left in a run-down, nervous condition; I had pains in the back and limbs and could scarcely move about. I did not sleep well at night and was despondent and discouraged. I decided to try Dr. Williams' Pink Pills, and can truthfully say that after the use of six boxes, the change in my condition was nothing short of marvellous. The pains vanished, I slept well, had a good appetite, and in every way felt well and strong. I also gave the pills to my daughter, who was in an anemic condition and feeling quite miserable, and in her case, too, they restored health. I hope my experience may help some other weak person."

Dr. Williams' Pink Pills are sold by all medicine dealers or sent by mail at 50 cents a box by The Dr. Williams' Medicine Co., Brockville, Ont. A little book, "Building Up the Blood," which contains many useful health hints, will be sent free on request.

The easier it is to reform a man the oftener you'll have to do it.

Germs Flee Before It.—There are many who have been afflicted with sores and have driven them away with Dr. Thomas' Electric Oil. All similarly troubled should lose no time in applying this splendid remedy, as there is nothing like it to be had. It is cheap, but its power is in no way expressed by its low price.

Corns are painful growths. Holloway's Corn Remover will remove them.

As a woman's beauty fades her brains come to the front.

Ceremonies may differ, but true politeness is the same world over.

Minard's Liniment for rheumatism.

W. N. U. 1672

Canadian Farmer Tells His Experience

"Les" Booth, widely known Ontario farmer, and a sick man for 20 years, suffered daily, only half alive. Now strong, robust, vigorous, credits new found health to Tanlac

Though popularly known as "Les," Mr. Booth's correct first name is George. His home is at 271 Perth St., Brockville. For the past three years he has enjoyed vigorous health but what he endured before then is best told in his own words. "For twenty years my arms, shoulders, back and hips, ached with rheumatism," said Mr. Booth. "Often I had to quit work entirely and I remember one bad spell that kept me in bed for six months."

"My case got to be so chronic that the help ran the farm. I was practically helpless. Even my wrists and hands would swell up so that I couldn't write my name. I dreaded bedtime, for I got no rest, but lay there in agony, waiting for morning. Nervous spells would seize me and I would tremble all over like a leaf. I couldn't get any benefit from my food and had to force myself to eat. My weight was far below normal."

"Three years ago I decided to give Tanlac a good trial, for nothing else had helped me. I could scarcely believe such results were possible as those Tanlac soon showed. The aching stopped, my appetite came back and I could eat heartily. My nights became more restful, too, and I slept

soundly. I gained 16 pounds which I still retain, and I now work hard outdoors from 8 to 10 hours a day. I never have an ache. It's hardly believable! If folks want to know what Tanlac can do, tell them to write to Les Booth, or to come and see me. I'll tell 'em."

If your health is broken from overwork or neglect, profit from Mr. Booth's experience. Try Tanlac, nature's own body builder, made from roots, herbs and barks. Your druggist has it. Over 52 million bottles sold.

Cancer

After twenty years of practical experience and research, the late Dr. F. W. Forbes Ross, noted cancer specialist, announced, in 1912, that cancer is caused by deficiency of potassium "salts" in the body and if such deficiency is remedied, Cancer, even in advanced cases, will retrograde. Before his death, this eminent English authority abundantly proved the truth of his assertion and, since then, the voluntarily written testimony of thousands of sufferers who state they have been completely restored has brought justified hope and confidence to countless others on both sides of the Atlantic ocean.

The public is but slowly realizing the unpleasant truth that while scientific refinement deprives all white flour and white sugar of the last trace of potassium, the boiling of our vegetables also destroys the health-preserving organic salts which an all-wise Creator originally placed in them and a civilized world, having eliminated its food values, is today consuming what Dr. Forbes Ross described as "muck minus minerals." Such diet creates more acids than the human liver can neutralize or dispose of and the consequent inevitable potassium starvation results in rheumatism in any of its varied forms, colic, eczema or any of the maladies caused by potassium deficiency, including ulceration of stomach or other organs which, if not remedied, is liable to degenerate to cancer. In fact, the now practically universal intestinal stasis or constipation of civilization, which no pills, purgatives or laxatives will ever cure, is the certain forerunner of ninety per centum of all humanity's maladies, of which cancer is the most deadly.

When, but not until drastic reform takes place in modern diet, will men and women appreciate their personal ability to avoid not only Cancer, but almost all the prevalent maladies which are actually, if unconsciously, self-inflicted. Till such drastic reform occurs, sufferers will continue to alleviate their individual potassium starvation by taking at home, with their meals, the small discs of The Cantassium Treatment which, with fully explanatory literature and interesting case reports, can be obtained from Charles Walter, 51 Brunswick Avenue, Toronto, 4, Ontario. Sole Canadian and U.S.A. representative of The Cantassium Company of England.

Eating animal fat, in the form of butter, cream or meat, is now stated to be of great assistance in warding off tuberculosis.

Alberta Oil Producers

Three different types of oil are being produced in the Turner Valley field near Calgary. Royalty No. 4 and Vulcan are producing naphtha, Illinois-Alberta, gasoline and New New McDougall-Segur, crude. The last was producing 100 barrels a day by baling, and a pump is being installed.

CANCER

Great Success of Cantassium Treatment

A well-known London surgeon and recognized authority on Cancer has created world-wide interest in the discovery that Cancer is due to a deficiency of potassium "salts" in the body, which causes the cells to break down and become malignant.

In order that every one may learn

The Real Cause of Cancer

A remarkable book has been specially written. This book will be sent free to patients or any one who is interested in the most successful method of fighting "THE CANCER SOURCE."

The following is a list of the chapters: 1. The Limitations of Surgery; 2. Some Doctors Oppose Operation; 3. What Cancer Is; 4. Why the BODY CELLS BREAK DOWN; 5. Inhereditary Cooking Methods; 6. Common Errors in Diet; 7. Vital Elements of Food; 8. Medical Endorsements of Our Claim; 9. The Chief Minerals of the Body; 10. The Thyroid Gland; 11. Age When Lime Begins to Accumulate; 12. Potassium Causes Lime Excretion; 13. Great Value of Potassium; 14. Parts of the Body Liable to Cancer; 15. Parts Which are Seldom Affected; 16. How a Doctor Can Help; 17. How to Avoid Cancer; 18. Deaths from Cancer; 19. Arterial Sclerosis and Old Age; 20. Rheumatism, Gout and Kindred Complaints.

With this book are a number of interesting case-reports proving the great value of "Cantassium Treatment" in various cases. The treatment is simple and inexpensive, and can be easily taken in one's own home. Apply for free book to Charles Walter, 51 Brunswick Avenue, Toronto, Ontario, Canada.

Style- Quality- Performance

for Economical Transportation

Comparable to the Costliest Cars

SMARTLY stylish new belted Fisher Bodies—rich and luxurious new upholstery and appointments—never before has any low priced car presented so many evidences of style and beauty, as the Most Beautiful Chevrolet.

And, underlying this smartness and beauty is a new and higher standard of quality. Its advanced features include New Oil Filter, Air Cleaner, Bullet-type Head and Cow Lamps, Newly Designed Radiator, Full Crown Fenders, Sliding Seats in the Coach, and many others literally too numerous to mention.

But seeing the Most Beautiful Chevrolet is not enough. . . . Only when you have ridden in this car and driven it can you fully realize how supremely satisfying is Chevrolet performance. For the attributes which gained the title of the Most Powerful, the Most Economical, and the Smoothest Chevrolet are still present, enhanced by new improvements, in the Most Beautiful Chevrolet.

It is amazing indeed that the Most Beautiful Chevrolet in Chevrolet history is now selling at new and lower prices—the lowest for which Chevrolet has ever been sold in Canada.

Didsbury P.O.

LOCAL AND GENERAL

An important change in the Income Tax which will be welcomed was made the other day at Ottawa. Heretofore there has been an allowance in respect of a person's income tax and since last year, \$500 was deducted for each dependent child up to the age of 18. Before that it was \$200. Mr. Robb, minister of finance, now raises the age limit from 18 to 21, thus meeting the argument frequently advanced that a parent who sends his boy to college is rarely free from educative expenses until the offspring becomes of age.

One of the worst snowstorms of the winter was experienced here this week. Commencing on Monday it continued throughout that day and only abated late on Tuesday night. Drifts of from four to five feet in the country have made it extremely difficult for vehicles of any description. Fortunately, Wednesday was bright and clear and the prospects are it will now clear up and give us all a breathing spell.

A net income of \$69,171.15 was made by the Hail Insurance Board of Alberta for the year ending January 31, 1927, as compared with \$49,299.49 in the previous year it was stated in the report of the board submitted at the annual meeting of representatives from hail insurance districts held in Calgary on Wednesday. Those attending this convention from Didsbury included N. S. Clarke and A. McNaughton of Westerdale M.D. and H. E. Pearson and A. Brusso of Mountain View M.D.

Starring Rin-Tin-Tin, "While London Sleeps" will be shown at the Opera House on Wednesday, March 23rd. The manager is to be congratulated in having obtained such a picture. It is a jewel.

The whist drive and dances arranged by Rink's Ltd. and held in the Opera House last Friday night proved very enjoyable. There was a good number present and both cards and dancing were well patronized. The ladies' prize for cards was won by Mrs. A. Mjolsness and Melvin Huget won the gents' prize.

Alex. Hendry, who has been in Vancouver for the winter visiting his family returned to his farm here last week.

Meetings in the interests of the Wheat Pool will be held in Berscht's hall on Tuesday next, March 22nd, at two p.m. and Burnside Community hall at eight p.m. R. A. McPherson will

address the meeting on each occasion. One of the objects of this event is to make the public more conversant with the aim of the Wheat Pool organization, and it is hoped the town residents as well as those from the country will be present. Mr. MacPherson some years ago had the management of the Traders' Bank at Didsbury, and doubtless there will be many who will welcome the opportunity thus afforded of renewing an old acquaintanceship.

W. Sharp, manager of the local movie house has moved this week into the residents just west of J. Reed, where he will temporarily reside until his new residence is completed. This latter will be erected on property recently purchased by him and located on the corner south of Dr. Clark's. It is Mr. Sharp's intention, it is understood, to put up a five or six room modern bungalow with large garage attached.

W. E. Reider of Carstairs has postponed his auction sale to Monday next, March 21st, on account of the snowstorm making the roads almost but impassable.

The annual provincial assembly of the Church of the Nazarene will be held at the Regent Theatre, Calgary, March 23-27. On Tuesday, March 22nd, from eight to 10 p.m., Rev. R. T. Williams will speak over the air from CFCN, Calgary. Be sure and listen in.

A representative of the DeLaval cream separator will be at W. G. Liesemer's hardware store on Monday next, March 21st. Consult him for all separator troubles.

"The Bat" is being shown at the Opera House on Saturday, March 19th. Those who have read the story will no doubt gladly seize the opportunity of seeing it in picture form.

J. McDougall, A. Brusso, C. F. Dooley, A. V. Buckler and J. McGhee attended the Grand Chapter of the Royal Arch Masons at Calgary on Wednesday.

About thirty of the members of King Hiram Lodge A.F.&A.M. will visit King George Lodge at Hillhurst, Calgary, to-morrow (Friday) night.

There walked into the Pioneer office the other day, in the person of Mr. Rupp, a subscriber of twenty-six years standing. This was gleaned from him casually in a few minutes conversation. Quietly spoken, as of ordinary interest, the announcement nevertheless would awaken in the heart of any editor a feeling of pride in holding a subscriber for such a long period, and

inevitably produce an expression of the keenest appreciation in such loyalty. This loyalty Mr. Rupp has shown not only to his local newspaper, but also to the district in which he lives and of which he has been so long a valued member. It is men of his calibre that build up our country, politicians and demagogues notwithstanding.

A meeting of the committee of the Community Hall School Fair will be held at the Community Hall on Monday, March 21st, at two p.m. Please keep the date in mind and "boost for the Fair."

CAN YOU BEAT IT?

Tommy Johnson told the crowd all about it in the barber shop this morning.

Last night I held a little hand,
So dainty and so neat;
Methought my heart would burst with
So wildly did it beat. (pride,
No other hand, upon my soul,
Can me such solace bring,
As the little hand I held last night—
Four aces and a king!

Nearly Got the Cup.

The two rinks that visited the Calgary Club last week for the McDonald trophy came very near lifting it. Miller's rink composed of Huget, Kaufman, and Julien, defeated Curless 14-12. McCloy with Watt, Bellamy, and McGhee lost to Corett 15-20, losing the round by 29-32. The boys were afterwards royally entertained by the Calgary rinks.

Better luck next time boys.

In the local competition, Chambers' rink, by exceptionally fine curling, have reached the finals of the winners' section, and now clash with Bellamy's rink. The winner plays the winner of the losing section. Keen interest is being displayed.

The Wheat Pool.

The Wheat Pool is strongly advocating that members sow only good, clean seed in order that the high quality of Canadian grain may be maintained. Wheat grown on the Canadian Prairies has the reputation of being the best wheat in the world. The Pool is obtaining substantial premiums for its members' wheat over the prevailing price for wheat grown in other lands. This high standard should be maintained.

Of late there has been a tendency for Canadian wheat to be a mixture of many varieties, some of which are very much inferior to Marquis. This is a dangerous drift and should be discouraged. The Pool is concerned in maintaining the high milling and baking quality which has made Canadian wheat very popular in importing countries.

The use of good seed means higher yields, better grades through maturing evenly and freedom from weeds and intermixtures of other grain. Good seed germinates vigorously and uniformly and gives a higher percentage of seedlings capable of resisting unfavorable climatic and soil conditions.

George McIvor, western sales manager for the Wheat Pool says: "From the standpoint of the wheat salesman I would desire nothing better than that all our wheat in the province of Alberta be of the highest grade. It is my opinion that the European miller will always desire to purchase reasonable quantities of high-grade Canadian wheat. He must purchase this wheat to give the necessary strength to his flour. There is no question but that the world at large appreciates the quality of our high-grade wheat. In my opinion anything

CHIEF FEATURES OF ONTARIO'S NEW LIQUOR LAW

Toronto.—The following are the chief features of Ontario's new Liquor Control Act introduced in the Legislature by Premier Ferguson.

All liquor must be purchased through the Government agency.

Permits are of five classes, as follows:

Individual permit to a resident of Ontario.

Individual permit for any period not exceeding one month to a tourist or temporary resident.

Special permit to physicians, dentists, veterinarians and those in scientific or mechanical pursuits.

A special permit for ministers of the gospel for sacramental purposes.

The board has further authority to issue a special permit as authorized by the regulations for the sale of liquor for the special purpose named in the permit.

Druggists are not permitted to dispense liquor.

Breweries and distilleries can only sell in the province to the board under a permit from the board.

No liquor may be consumed in a public place. All liquor must be consumed in the residence or temporary home of the purchaser.

The commission will establish stores for the sale of any or all classes of liquor at such points as they may deem best in the public interest but no store may be established in any municipality where the Canada Temperance Act is in force, nor where a bylaw under local option has prohibited the sale of liquor at the time of the coming into force of the Ontario Temperance Act in 1916.

Light beer, as defined by the act, and which is ordinarily known as 4.4 beer, may be sold in such places as the board designates, under permit from the board.

There shall be no public advertising of liquors.

No person, except with the permission of the board, shall have in his possession in this province any liquor not purchased from the board. This section takes care of the private stock that any citizen may already have that is legally purchased and the board has absolute control over all the liquor that is found in Ontario.

The board may appoint a staff of inspectors, and this staff, in co-operation with the provincial police and local constables, shall co-operate in the enforcement of the law.

All prosecutions will be conducted under the Department of the Attorney-General of the province.

Any person found selling liquor in Ontario will be imprisoned for the first offence without the option of a fine. There is a great variety of penalties for other offences under the act.

Arms Parley This Fall

Geneva.—The League of Nations council adopted a resolution to the effect that the international conference for supervision of private manufacture of arms should be held this fall.

Had Terrible Headaches and Was Unable to Sleep

Saskatchewan Man Used Dodd's Kidney Pills With Great Success

Mr. N. Zilan Was Relieved of His Trouble After Taking Short Course of Dodd's Kidney Pills.

Laventure, Sask. (Special) — "I want to tell you just what your Dodd's Kidney Pills have done for me," writes M. N. Zilan, a resident of this place. "I had terrible headaches and could not sleep but after taking two boxes of Dodd's Kidney Pills I commenced to feel fine. I cannot praise this kidney medicine enough and would not be without it in my home."

Persistent headaches and sleeplessness can usually be attributed to a run down and exhausted condition. Other symptoms such as irritability, tired languid feelings; depression and loss of energy are also the outcome of this condition. It is therefore necessary that you take a few weeks treatment of Dodd's Kidney Pills to restore vitality and generally tune up the nervous system.

Interim Pool Payment

\$27,000,000 Being Distributed to Farmers in Three Prairie Provinces

Regina, Sask.—The Canadian Co-operative Wheat Producers, Limited, central selling agency for the three provincial wheat pools, announces that the first interim payment for the 1926-27 crop is being mailed from the offices of the Manitoba, Saskatchewan and Alberta pools. The amount of the payment is officially stated to be 15c per bushel for spring wheat and spring wheat mixtures, 20c per bushel for Durum wheat and Durum wheat mixtures, 8c per bushel on all grades of oats, 8c per bushel on all grades of barley, 12c per bushel on all grades of flax. A total of \$27,000,000 is thus distributed to prairie farmers in the three provinces, according to Mr. McPhail.

Saskatchewan's share of the \$27,000,000 being distributed as a result of the interim wheat pool payment on the 1926-27 crop amounts to between \$17,500,000 and \$18,000,000 according to an official statement issued by the Saskatchewan Co-operative Wheat Producers, Limited.

Officials of the pool call attention to the fact that this huge sum of money, scattered widespread over Saskatchewan just prior to seeding, represents one of the tangible benefits of the pool system of marketing, which was absolutely unknown prior to the organization of the pools in 1923 and 1924. The beneficial effect of these payments is not only recognized and greatly appreciated by pool members, but it is recognized by bankers and statesmen alike.

STOMACH MISERY, GAS, INDIGESTION "Pape's Diapiesin" Corrects Sour, Upset Stomachs at Once

"Pape's Diapiesin" is the quickest, surest relief for indigestion, gases, flatulence, heartburn, sourness, fermentation or stomach distress caused by acidity. A few tablets give almost immediate stomach relief. Correct your stomach and digestion now for a few cents. Druggists sell millions of packages.

Would Amend British North America Act

J. S. Woodsworth Suggests Committee be Appointed to Change Constitution

Ottawa.—A special committee "to consider what amendments might be made to the British North America Act which, while conserving the principles of confederation would enable us more adequately to cope with the complicated problems which now confront Canada," was proposed in the House of Commons by J. S. Woodsworth, Labor, Winnipeg North Centre.

Mr. Woodsworth gave as reasons for his proposal:

A—The constitutional developments of the last 50 years.

B—The dissatisfaction of certain provinces.

C—The changed conditions in industries, commerce and finance not contemplated at the time of Confederation.

D—The action of the Senate in preventing the enactment of popular legislation.

In proposing his resolution Mr. Woodsworth declared Canada had no way of changing its own constitution, and in this regard it was inferior to South Africa, Australia and the Motherland. He spoke of a "very widespread feeling" in the West that there would be an inevitable break of confederation with perhaps co-operation with the other parts of Canada on some other basis.

Makes First Speech

Quebec.—Hormidas Pilon, Liberal M.L.A. for Vaudreuil, has made his first speech in the legislature in the twenty-seven years he has represented Vaudreuil in the House. He advocated more precautionary tests of cattle imported into the province.

London, with its 7,000,000 inhabitants, has a police force of 20,000 and 900 detectives, one of whom is a woman.

CHINA RESENTS INTERFERENCE OF RUSSIAN SOVIETS

Shanghai.—The drive of the Cantonese for the city of Soochow and the attendant threat on Shanghai are overshadowed momentarily by the possibility of strained relations between the Peking Government and Moscow, growing out of the arrest of Madame Borodin, wife of the adviser to the Cantonese Government, and three Soviet couriers.

Chinese authorities declare there have been increasing indications that large numbers of Cantonese emissaries have been sent northward in an endeavor to stir up trouble among the workers. Every precaution already has been taken to prevent an influx of these agitators into Shanghai, Tientsin, Peking and other northern industrial centers.

It is charged here that the Soviet steamer Pamiat Lenina, on which Mme. Borodin and the couriers were seized by a squad of white Russians attached to the army of Chang Tsung Chang, had tons of Red propaganda tracts aboard and only a few pounds of tea.

While the military situation between the Cantonese and the northern forces is developing steadily, the question of propaganda is troubling the northern commanders since it is interfering with their transportation of troops.

Urges New Treaty Practice

British Foreign Secretary Asks Negotiation Between Heads of States

Geneva.—An echo of the last Imperial Conference was sounded in the League of Nations council when Sir Austen Chamberlain, British foreign secretary, asked the League to abolish the practice of negotiating treaties as between states and substitute that of treaties between heads of states.

He explained that his statement was made at the request of the British and Dominion governments. It did not mean that the Dominions would lose their prerogative of approving or rejecting treaties but that acceptance of treaties by Great Britain and the Dominions would be facilitated.

Ottawa.—The statement made by Sir Austen Chamberlain in the council of the League of Nations as to the form of signature which it was hoped would be adopted for the British Empire in signing League documents, is in line with the decision arrived at during the Imperial conference. The Canadian Government also received detailed information as to Mr. Chamberlain's statement.

Ottawa.—Canada's giant ice-breaker Mikula has reached the Gulf of St. Lawrence, and conditions there are propitious to an early opening of navigation, the Department of Marine and Fisheries has been informed by a wireless from the ship.

Think Britain Favors War Craft Limitations

Officials at Washington Believe in Ultimate Success of Plan

Washington.—London and Tokio news advices clearly indicating that Great Britain and Japan will accept the Coolidge proposal for a conference with the United States at Geneva this summer on auxiliary war craft limitation are taken by officials here to mean that such a project ultimately will be brought about.

While there has not been much doubt as to the Japanese attitude toward such an arrangement British sentiment in the past generally has been against any limitation of anti-submarine craft as long as her continental neighbors refused to limit submarine construction and officials have looked to Great Britain to remove the greatest obstacle in the way of a three-powers parley.

Public opinion throughout Great Britain as interpreted by that country's officials was described as demanding British acceptance of any plan for naval limitation.

Geneva despatches carried the additional information that Great Britain would insist on linking the three-power parley with France and Italy not exceeding certain tonnage in cruisers, submarines and torpedo boats.

Engine Trouble Ends Trans-Atlantic Flight

Oil Pipe in Motor Blocked Says Message From Uruguayan Flier

Madrid.—Paralyzation of an oil pipe in the motor of his plane brought the trans-Atlantic expedition of Major Tadeo Larre-Borges, Uruguayan flier, to an abrupt end while he was flying from Casa Blanca, Morocco, to Cape Jubi. He made this known in a brief message received by the Uruguayan minister through the high commissioner at Cape Jubi. The message said the failure of the oil pipe to function made it necessary to stop and that the plane was destroyed when it alighted.

Major Tadeo Larre-Borges is in the hands of Moroccan tribesmen who captured him and his three flying companions after the plane was wrecked. He is believed to be held for ransom.

Waiting Outcome of Conference

London.—Great Britain does not intend to lay down any naval vessels of her 1927 program of new construction until late in the year or until the outcome of the disarmament conference is known, William Clive Bridgeman, first lord of the admiralty, told the House of Commons. Work on vessels already under construction will not be stopped, he said.

Permitted to Fly Over Canada

Ottawa.—The Dominion air board has granted permission to the Ford Motor company to fly planes over Canadian territory in connection with the company's proposed daily plane freight service between Detroit and Buffalo, N.Y.

First of 3,000 Families for Canada in 1927

Mr. J. Malcolm, Canadian Government Agent, Glasgow, (left), taking charge of the first family of the year to leave Scotland under the 3,000 Families Settlement Scheme. The family comprises Mr. and Mrs. Alex. L. Thomson, and their four children from New Deer, Aberdeenshire, who proceeded to Canada, on board the Canadian Pacific liner "Montclair," to take up farming in British Columbia. They travelled all the way for the inclusive charge of £16, whereas, the full fare for the family is £142.

LOSS OF LIFE BY EARTHQUAKE IN CENTRAL JAPAN

Tokio.—Thousands of refugees in Central Japan, shivering, hungry and in need of medical aid, struggling to bring order out of the chaos created by the earthquake, which already is known to have taken a toll of more than 2,000 lives.

The Home Office stated that its latest advices showed 2,275 persons were killed and 3,411 injured. Information received by Tokio newspapers, however, indicated the total dead in the entire earthquake regions would number more than 3,000, while one newspaper estimated the toll would mount to 5,000, with 50,000 to 75,000 homeless.

The correspondent for the Tokio Asahi Shimbun, who travelled through the stricken area, reported from Miyazu that the scenes in Miyazama, where more than 1,000 persons were killed, and Amino, were heart-rending. Refugees, he said, were exposed to snow and rain while only a small amount of relief was available.

Many relatives of victims of the quake were digging in the ruins of devastated villages seeking the bodies of fathers and mothers and sons and daughters. Funeral pyres were built and bodies cremated. Other inhabitants of the towns worked with police and soldiers in extricating bodies and giving aid to the injured.

Shallow graves were dug in the snow-covered ground, even small children assisting in the burial rites. Bits of half-burnt sticks, raked from the debris, were used as incense sticks for the offering of prayers before burial. Japanese and Christian preachers and priests were everywhere adding and comforting widows and orphans.

The newspapers correspondents general reported that the lack of medical supplies and food was the greatest hardship for the refugees. Injured men and women along the broken roads asked every passer-by if he were a doctor, so great was their need for medical attention. Doctors and Red Cross nurses were coming into the region rapidly and it was expected they soon would be able to ameliorate the situation.

The roads throughout the region were reported literally lined with the bodies of victims unclaimed by relatives and friends.

London Worker Has Terrifying Experience

Was Swept Into Sewer by Rush of Water and Carried Many Blocks

London.—A workman engaged in sewer work in Chancery Lane had a terrifying experience when a sudden rush of water swept him into the sewer. From Chancery Lane he was whirled at great speed fifty feet down beneath Fleet Street and then into Ludgate Circus, where the sewer enters the subterranean river Fleet now in full flood.

He was passed along several other streets and finally was shot out into the river Thames, beneath Blackfriars Bridge, where he was rescued by river police. Beyond severe exhaustion he was not seriously hurt.

Relieves Indigestion Very Quickly

Men and women all over the world have been taking a small, easy to swallow, purely vegetable pill, after meals, to prevent and relieve attacks of indigestion and sick headache. Millions also recommend them as a mild, gentle laxative, moving the bowels free from pain and leaving a pleasant after feeling.

These little pills are a doctor's prescription and have been sold by all druggists as:

CARTER'S LITTLE LIVER PILLS. They do not contain Mercury, Calomel or habit forming drugs. Try them to night and feel refreshed to-morrow.

All druggists recommend CARTER'S LITTLE LIVER PILLS. Men, women and children take them as a daily regulator.

All Druggists, 25c. and 75c. red packages.

Church Announcements

EVANGELICAL NOTES.

Rev. H.E. Roppel will assist
Rev. A. G. Gaurke in special ser-
vices at Mayton and Jetland next
Sunday. In the pastor's absence
Mr. F. Honeysett will conduct
the services here in Didsbury;
and whereas Mr. Honeysett and
family are going to move to B.C.
in the near future, one of his next
Sunday addresses will be a fare-
well message.

Our Junior League is prepar-
ing to treat the congregation
with an Easter program to be
given on Palm Sunday. The
program will consist mainly of
some catechetical graduation
exercises and a sacred drama
entitled "The Challenge of the
Cross." Watch for further
announcements.

Miss Maggie Finlay, returned
missionary from Africa, will
conduct the service at Westcott
Ev. church next Sunday after-
noon in the pastor's absence

KNOX AND WESTCOTT UNITED CHURCH.

"Beautiful Japan" is the sub-
ject of the address to be given
Sunday, March 20th. This is
one of the themes in connection
with a missionary series. Rev.
V. N. Gilbert of Olds is to con-
duct the services. Slides illus-
trating the address will be given.

The Olds-Crossfield Minis-
terial Association is meeting at
the manse Monday, March 21st.

Important Facts Brought to Light.

(Contributed)

The Rugby Cheer-up Club held
a very successful box social and
program on Friday, March 4th,
the proceeds of which went to-
wards defraying the cost of a
very fine piano which has been
purchased recently.

The item which seemed to
arouse greatest interest before
and after was a debate on
"Canada as a host to Tourists."
Being an interested listener to
the above debate, some very
astounding figures were brought
to my notice by the affirmative.
The negative side of this debate
seemed to doubt the authenticity
of some of the statistics
quoted. Being a disinterested
party I took upon myself to
investigate these statistics and
found them to be correct in every
detail. The figures were as
follows:—In 1925 the value of
Canada's wheat crop was
\$369,822,400, whereas in the same
year tourists spent in Canada
\$379,111,800 which is approxi-
mately ten million more than
the value of Canada's total wheat
crop. These figures were given
by the Department of Statistics,
Ottawa.

Another point disputed was
the amount of money left in
Didsbury by tourists since the
tourist camp has been erected.
The total cost of the tourist
camp to date, according to the
figures supplied by Board of
Trade is \$60. The estimated
returns to the town have been
\$2180. This was collected
chiefly by garages and restaurants
and amounts to \$9 per day for
three months of the year.

The total cost of all improved
highways in Canada to the pres-
ent time has been a little over
one billion dollars. The tourists
last year spent five hundred
million dollars in Canada which
would pay for the improved
roads in two years.

Another astounding point was
that at the present time the
tourist trade is the fourth most

buy McLaughlin-Buick for power

GRADES far steeper than any found in ordinary driv-
ing offer no obstacles to the resistless power of
McLaughlin-Buick's Valve-in-Head Engine.

Seventy-five actual horsepower is beneath the hood of the
Greatest McLaughlin-Buick—yet so flexible, so easily
controlled, so responsive, so vibrationless, that you are
unaware of the presence of an engine and realize only
that a tireless force is working to your will.

How little the McLaughlin-Buick owner is concerned
with this masterful engine may be judged by the facts
that he need change the oil only once a season—that
troubles due to crankcase dilution, the presence of dust,
grit or water are eliminated by the Crankcase Ventilation
system, the Sealed Chassis and the Triple Sealed Engine
—a combined protection found in no other car at any
price.

So, for power—abundant—untiring—dependable—flexible
—smooth—
